Against the Use of Money and Whiskey in Primaries.

Primaries to be held in the months of November and December of this year are being called in many of the counties and districts of the State to nominate Democratic candidates for county and district offices to be filled at the November election next year. Some of the party leaders have the idea that interest in the primary will result in a larger Democratic vote in the Presidential election this fall. In quite a number of the counties rigid rules have been adopted looking to the prevention of the use of money, whiskey or other unlawful ways of influencing the voters in these primary elections. This is a move in the right direction, and before the Committee in this county calls a primary, its members ought to don their thinking caps and devise some plan by which the use of money and whiskey can be completely prevented. Gentlemen, think about this. Winchester Democrat.

The above article is sound thoughts for the Powell county authorities. The Republicans of the 33rd Judicial District have adopted very stringent obligations upon candidates along this line. It provides that if any candidate or candidates, enter in the primary election shall use any money or liquor, in order to influence their election, or permit the same to be done, or thus procure the fraudulent majority in said district for either of said offices, he or they shall not receive at the hands of the district committee a certificate of nomination.

Each candidate will be required to sign a written statement in accordance with this rule before going on the ballot and before receiving a certificate of nomination will be required to make affidavit that he has complied with the order.

The Democratic Club.

"The Clay City Democratic Club" is the name applied to the organization of Democrats in this city last Friday night. Thirty-two names were enrolled as members. H. G. Walters was made chairman and Luther Loving Secretary. John A. Sewell addressed the club with a most interesting and stirring speech amid much applause.

A number of Vice Presidents and Directors were named, and proper committees appointed.

Every Friday night is the fixed meeting of the Club and some form of entertainment is assured for each meeting by the appointment of a committee whose duty it is to provide one or more speakers each week. The Hon. John D. Atkinson will address the Club at its meeting tomorrow night.

Let every Democrat in the city and in this part of the county come out and join the club Friday night at 7:30 o'clock.

Why Not Patronize Home?

We notice some Powell boys going out of the county to attend college. This should not be the case. We have a college at Stanton, and we believe it is a fine

school. It seems to us a shame that so much money should be spent in our county for a higher institution of learning and it not be patronized by all persons seeking a higher education. We should show the people who gave so much for the college that we certainly do appreciate their interest and patronize the school. There is no excuse for not doing it.

Sensational Damage Suit.

Laura Ewen, of Stanton, has brought suit in the Clark Circuit Court to recover \$3,000 damage from her father, W. R. Ewen, for an assault and battery committed on her by him some time early in the Spring of this year.

Attorney R. C. Welch, of Stanton, assisted by Attorney A. Floyd Byrd and S. T. Davis, of Winchester, represents the plaintiff.

The case will be called for trial at Winchester on the 28th of this month.

The Kentucky Conference of the M. E. Church South has completed its session at Middlesboro. This the Lexington district, the Rev. E. L. Southgate remains Presiding Elder, the Rev. R. M. Bush is preacher in charge.

Of the former Clay City pastors, R. B. Wilson is returned to West Liberty; Geo. D. Prentiss is sent to Burnside; O. J. Chandler goes to Winchester; W. W. Green to Hinton and M. T. Chandler to Paris.

West French, of Irvine, is instructing a class in vocal music at the Hardwick's Creek Methodist Church. Vocal music should be well understood by every individual, and strange to say but very few persons know anything about music at all. Mr. French should be encouraged in his profession.

To the Democratic voters of Powell county:

I am a candidate for County Court Clerk, subject to the action of the Democratic party. I am making this race upon my own accord, upon my own merits, as a citizen, as a Democrat, and I solicit your support upon this alone.

And if elected I promise you a careful efficient discharge of the duties of the office.

I cannot rely upon money or a long line of relatives to carry me through this race. As I have neither but must stand upon the record I myself have made. I shall make a clean, active, honest fight to win. But if I am defeated I will cheerfully submit and work as hard for the election of the Democratic nominee as he does for himself, and I earnestly solicit your support and influence.

Respectfully,
J. W. WOOLERY.

The public roads about Clay City are being put in apparent better condition than they are usually left for winter travel. Special attention has been given to the road from Walters' Ferry Bridge to Powell's Valley. This has always been a very bad piece of road but it is now put in the condition.

We are authorized to announce Charlie Clark candidate for Jailor of Powell county subject to the action of the Democratic party.

Wooley for County Clerk.

James W. Woolery announces in this issue of the Times his candidacy for County Court Clerk. Mr. Woolery is now Assessor of the county and is making a good officer. He is a good Democrat and deserving of office. He will make a good County Clerk and with equal regards to all other announced candidates, the Democrats can put up no better man for the place.

We can also say Mr. Woolery is a cripple and has been since a boy unable to walk a step without crutches. This, however, will in no way interfere with his performance of the duties of the office.

The Robber Tariff.

The Standard Oil Co. is today selling American produced oil of the same grade 3,000 miles across the Atlantic ocean for 5 and 6 cents less on the gallon than it sells it for in the United States. It is not so much the low prices in foreign markets as the exorbitant prices in the domestic market which require condemnation. The policy of the Standard Oil Company in charging much higher prices to the domestic than in the foreign trade is an injustice and injury to the American consumer. All of this and more too is made possible by the Republican robber, not protective tariff.

We are in receipt of the Campaign Text Book of the Democratic party. It is a most valuable book and should be in the hands of every Democrat in the United States, but is needed to be read by Republicans ten times worse. Copies of the Text Book will be sent post paid to any address for 25 cents sent to: "Text Book" Democratic Headquarters, Chicago, Ill.

See The Difference.

We favor the establishment of a postal savings bank system for the convenience of the people and the encouragement of thrift.—Republican Platform.

We favor a postal savings bank if the guaranteed bank can not be secured, and that it be constituted so as to keep the deposited money in the communities where it is established. But we condemn the policy of the Republican party in proposing postal savings banks under a plan of conduct by which they will aggregate the deposits of rural communities and redeposit the same while under government charge in the banks of Wall Street, thus depleting the circulating medium of the producing regions and unjustly favoring the speculative markets.—Democratic Platform.

The Cincinnati Commercial Tribune continues to fight the Farmers' Society and pictures them as great robbers and thieves. It sends its papers out free too.

The Commercial Tribune should remember that the present head of the Society of Equity is a staunch Republican, but Mr. Barnett justly and honestly believes that farmers as well as manufacturers have a right to organize for protection, however much this idea may be at variance with the head of the party and its principles.

Immediately after his retirement from office Gov. Beckham gained one client that pays him \$10,000 per year. And now Senator McCreary has a position paying him as much as the Senatorship. Wonder such men as McCreary and Beckham would fool trying to secure a little office like United States Senate.

The election in Maine Monday cut the great Republican majority down to less than 8,000. If we may take this slide as a trend of the vote of the whole country Bryan will have about a million and a half more votes than Taft in November. That's enough.

A vote for Judge Davis for Congress means a vote for the interests of the common people while a vote for John Langley means a vote for that class that seldom inhabit such counties as Powell.

Wm. H. Taft, celebrated his fifty-first anniversary yesterday. This is the most important event in the Judge's life until his next birthday. Wm. J. Bryan will take off the honors at Washington March 4th next.
